

2nd Activity
CULTURAL FREEDOM - The Theatre of the Oppressed
Greece - 2nd Lyceum of Pallini

Sunday 19.03.2023

We leave place near our school in the morning. When we got to the airport in Katowice, we did checked in and went to the plane.

Our journey went well. When we landed, we were very happy to meet our Greek friends. Everybody dispersed to their houses.

KALIMERA in Athens

Καλημέρα
Καλώς ήλθατε στην Αθήνα

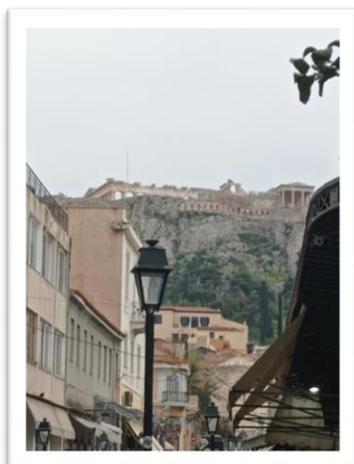

Tuesday 21.03.2023

That day we had to be in school at 8:15 a.m. Then we started *interesting lesson about history of Greece*. For me the most interesting part was the ancient Greece with mythology, philosophy and very complicated administrative, politics and situation between city-states like Athens and Sparta.

After then we took subway to get to Acropol. At 11 o'clock we met our guide and she started a guide-walk around Acropolis. We were following the ancient way, which thousands years ago pilgrims went to temples, asking the gods for protection. The Parthenon, a temple dedicated to Athena, made a huge impression on us. Its remains

alone show how monumental the building was. Very interesting, although smaller is the Erechtheion. Not only that it is decorated with amazing columns in the shape of women - caryatids. But also this temple was dedicated to the two gods Poseidon and Athena. According to mythology, these gods fought against each other for a protectorate over Athens...We spend on this hill over an hour. After this we went to the city Centre and had walk around. After that we ate a traditional, local lunch with our greek friends and then we left our teachers and we followed the walk around Athens by our selfs.

Wednesday 22. 03. 2023

On the fourth day of the trip, we arrived at school at nine o'clock. The first point of Wednesday's plan was creating and acting out scenes related to racism. We were divided into four multicultural teams and each of them had to play a different situation.

After dealing with the scenes, we had a 30-minute break, which we spent together playing volleyball with all project participants. After the break, our Polish team showed the prepared presentation entitled "A world of empathy". Then each of the foreign groups presented traditional dances to the rest. After long dancing, it was eventually time for the traditional dishes that each group was

supposed to bring to school. This is how we spent our time at school, but that was not the end of our activities that day. After a short rest, together with everyone of the group, we decided to go to the shopping mall to buy souvenirs.

Thursday 23.03. 2023

At the beginning, we had chemistry class. Later we went to the National Museum in Athens. After the tour, we went for a walk around Athens and lunch. We bought souvenirs and took the subway back.

Friday 24.03.2023

We came to school at 8:15 to participate in the morning assembly and to spend some time with the rest of the students for the last time. At 9 am we left for our trip to Cape Sounion.

The ride was about an hour and 15 minutes long. After the arrival, we went to see the Temple of Poseidon. It was located on a steep slope with an

amazing viewpoint, from where we could see the Aegean Sea.

After a while we went to Lavrio.

We stopped there to see the Port of Lavrion, walk in the town and have lunch. We went to a small local restaurant. We got to try some delicious Greek dishes. After that we headed back to school. The teachers gave us a survey about the Erasmus+ project (which was amazing by the way).

Later all of us received the certificates and small gifts. Everyone said what they were thankful for and the most common answer was:

“For getting to know all these amazing people and friendships that we’ve made”. That proves the usefulness of the project.

Sunday 26.03.2023

On Sunday in the morning we spent time with our host families. At none, almost all of us met in the restaurant and we ate delicious dinner with our host families.

At 6.30 p.m we arrived at the airport and we had to say goodbye to our Greek friends.

It was a real emotional moment. We bought some food in the airport's shop and safely landed in Katowice in Poland.

Then at 2 a.m. we arrived at Kraków opposite our school where our families were waiting for us.

We would like to say a great thank you to our friends from Greece for their hospitality and for sharing the beauty of Greek culture.

Ευχαριστώ πολύ !!!
